PAC SOLUTION · A WEBSITE PLATFORM FOR PARENT ADVISORY COUNCILS

Give your PAC a real website — not another Facebook group

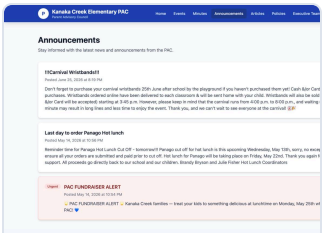

Events, meeting minutes, announcements and newsletters in one place parents can find, on a site your executive updates in minutes without a webmaster. Already running live for Kanaka Creek Elementary PAC; now opening to other schools.

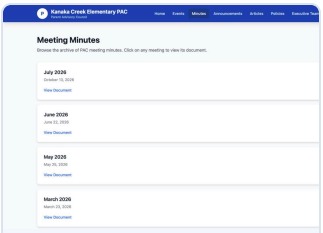

HOMEPAGE — YOUR NAME, LOGO AND COLOURS

EVENTS & RSVPS

ANNOUNCEMENTS

MINUTES ARCHIVE

WHAT YOUR PAC GETS

- **Your own site** at **yourschool.pacsolution.ca**, with your school name, logo and colour.
- **Events** with date, time, location and parent RSVPs, split into upcoming and past.
- **Meeting minutes** archived by meeting date — PDFs open right in the page, no download needed.
- **Announcements** for time-sensitive notices, flagged urgent and auto-expiring.
- **Articles** — longer pieces with cover images, saved as drafts until you publish.
- **Policies, executive team and a contact form** that reaches your PAC, not anyone else's.
- **Email updates** sent to parents who subscribe, from your PAC's name and reply-to address.

WHY IT KEEPS WORKING AFTER THE FIRST MONTH

- **Several people can post.** Your whole executive can have access, so the site does not stall when one person is busy.
- **No passwords to share or lose.** Members sign in by clicking a link emailed to them.
- **Roles that match your council.** Owners manage who has access; editors post content.
- **Handover is one click.** When the exec changes, the new chair is added and the old one removed — nothing is locked in a personal account.
- **Parents need no account.** Nothing to join, nothing to install, everything public and searchable.
- **Nothing to maintain.** No hosting, plugins, updates or webmaster on your side.

YOUR SCHOOL'S CONTENT STAYS YOUR SCHOOL'S

Separate by design

Each school's site is walled off from every other one. Your editors only ever see your content, and parents only ever see yours.

Yours to take

Ask any time and your whole site — content, documents, subscriber list — is exported for you in full.

Nothing disappears

If your PAC pauses, the site is set aside, not deleted. Your history stays intact.

COMING NEXT — INCLUDED AS IT SHIPS

Online payments

Hot lunch, spirit wear and event tickets paid online, instead of cash in envelopes and a spreadsheet to reconcile.

Donation button

Collect for fundraisers and special projects straight from your site.

Volunteer sign-ups & surveys

Fill shifts and ask parents what they think, without another sign-up sheet or outside tool.

No extra charge for new features — your PAC gets them as they are released. Payment and donation features are the one exception: the card processor charges its own fee per transaction, which is theirs, not ours.

GETTING STARTED TAKES ONE EMAIL

1

Tell us three things

Your school name, the web address you want, and the email of the first person who should manage it.

2

Your site goes live

Set up the same day with your branding and contact details, ready for content.

3

Your exec takes over

Add the rest of your council, post your first minutes and events, and send parents the link.

Want your PAC on it? Reply with your school name and we'll set it up.
